Net Zero Commitment

Example only: a made-up company, produced to show the layout.

Supplier name: Larchfield Facilities Ltd
Publication date: 1 April 2026

Larchfield Facilities Ltd is committed to achieving Net Zero emissions by 2045 for emissions scopes 1, 2 and 3. The commitment was made on 20 March 2026 by the board of directors.

The commitment covers our UK operations: Scope 1, Scope 2 and Scope 3, where Scope 3 means the five categories in the NHS and PPN 006 requirements: upstream transportation and distribution, waste generated in operations, business travel, employee commuting, and downstream transportation and distribution.

Our next steps

- Replace our last two diesel vans with electric vans by the end of 2027.
- Replace the office gas boiler with an air source heat pump in 2028.
- A travel policy that puts rail before car for any trip over 50 miles.

This commitment is published on our website: https://www.example.com/carbon-reduction-plan
